Recommends nominating the Chairman-City Improvement Trust Board - Bangalore - as a member of the City Improvement Committee

Submitted for perusal and orders

Sd/- What is the total strength of the Bangalore City Improvement Committee?

Sd/- T.S.

The strength of the Bangalore City Improvement Committee is 13 - as noted below

a) President of the Municipal Council

b) The Municipal Commr.

c) " Head the Officer

d) " Municipal Engineer

e) Two members nominated by Govt.

f) Seven members elected by the Municipal Council of the City of Bangalore in [illegible]

I

The Rights of Way Improvement Committee is fixed at 13 (see page 11 of the Blue City bylaws pamphlet)

It would indeed become unwieldy if another member is added to it. The suggestion to include the Chairman of the Trust Board on the Committee is no doubt a good one. But he might be appointed in place of the Engineer officer of the Trust Board who is now a member appointed by the Trust under section 4 when the Chairman of the Board is not a member of the Committee, there is no necessity for the Engineer officer of the Board to be a member. Also the proposal might be approved, subject to the modification of the No of members with there remain at 13 as mentioned in the bylaws and not 14 as stated in the Act.

Yours sincerely

Revised

I am of opinion that there is no harm in including the Chairman of the Trust

Boards also as members of the City Improvement Committee as his presence there might result in quick disposal, & when any questions of Common interest between the Municipalities & the Boards arise. The Engineer officer being a technical officer his exclusion from the Committee appears undesirable.

The proposal of the Municipal Council may perhaps be approved although it results in the increase of the membership from 13 to 14.
